

2018 ECC Conference Planning

Conference date: Thursday, 22 November 2018

Theme: Gender/Pay Equalities

Speakers:

- DW approached Alison Johns and she has agreed to be our Key Note Speaker;
- IH is approaching Lincoln's VC;
- NJ is looking for a third speaker from an organisation that went from public to private e.g. BT, Royal Mail, etc. This will give a different perspective but should be around pay grading, reward and equalities.

Other points:

- The ETC venue has been booked;
- Aim to increase delegates and number of member institutions attending;
- The structure of the day will remain the same;
- May add an additional workshop, from 3 to 4 (esp. if we are targeting greater numbers to attend). This will enable member participation as the groups will be smaller and to ensure groups are not too mixed i.e. strategic thinkers/practitioners;
- Audience – needs to be relevant to both strategic and operational delegates;
- Speakers would have a role in the workshops so they clearly relate to the presentations;
- Showcase what ECC can do for its members;
- Produce a 'glossy' sheet before or after the conference directed at HRDs;
