## 1. Introduction

This report has been prepared by Incomes Data Research (IDR) and, as requested, it provides market salary data for the following role(s):

- Architecture Manager

## 2. Market salary data

This section presents the market salary data. We aim to provide a minimum of three sources of information for each job to enable ‘triangulation’ of the results, and thereby provide the widest possible assessment of the market for this role.

### 2.1. Market data

The tables in the following sections provide the aggregate market salary for a full-time Architecture Manager

#### 2.1.1. Recruitment data

The data in this section is based on analysis of recruitment salaries for a similar role(s). It is a guide to starting pay for these roles, and in some cases also provides a guide to the maximum that might be achieved.

#### Infrastructure Specialist/Architect

| Job role   | Range £pa       | Typical £pa |
|------------|-----------------|-------------|
| North West | 50,000 - 85,000 | 70,000      |
| North East | 50,000 - 70,000 | 60,000      |

### 2.1.2. NHS data

In this section we provide information on the salary range for the pay band likely to cover comparator jobs in the NHS. The NHS, with 1.2m staff is the largest employer in the UK and as such plays a key role in influencing market for many non-medical roles, particularly in education, given the links between parts of higher education and the NHS.

IT Managers in the NHS are typically employed on Bands 8b or 8c and the current salary ranges are between £52,306 and £60,983 and £61,777 and £72,597 a year respectively outside of London and high-cost areas in the South East/South.

Roles based in high-cost areas qualify for the following supplements:

- Inner London – 20% of basic salary, subject to a minimum payment of £4,400 and a maximum payment of £6,778;
- Outer London – 15% of basic salary, subject to a minimum payment of £3,723 and a maximum payment of £4,744;
- Fringe – 5% of basic salary, subject to a minimum payment of £1,019 and a maximum payment of £1,763.

### 2.1.3. IDR data

The following tables contain data from IDR Pay Benchmarker, our internal database of salary information. This data has been collected by IDR directly from employers and employee bodies through surveys and data collection for the IDR Pay Benchmarker service. <sup>1</sup>

#### IT Enterprise Architect, whole economy, job level 8<sup>1</sup>

| Job level | Company count | Lower quartile | Median  | Upper quartile | Average |
|-----------|---------------|----------------|---------|----------------|---------|
| Level 8   | 9             | £62,495        | £66,904 | £70,201        | £67,892 |

Source: IDR Pay Benchmarker.

#### IT Project Manager, whole economy, job level 8

| Job level | Company count | Lower quartile | Median  | Upper quartile | Average |
|-----------|---------------|----------------|---------|----------------|---------|
| Level 8   | 46            | £50,736        | £57,769 | £70,135        | £60,434 |

Source: IDR Pay Benchmarker.

<sup>1</sup> Refers to the IDR Job Level. These typically cover the following: 1 and 2, admin, support and manual roles; 3 and 4, secretarial and craft roles; 5 and 6, vocational and supervisory; 7 and 8, professional and managerial; 9, senior management; 10a and 10b, directors; 11, senior director/chief executive.

### 3. Job advertisements

This section details current comparable vacancies from our database of advertised positions.

#### 3.1.Data and summary

##### Architecture Manager - job advertisements

| Reference ID | Organisation  | Job title                       | Min     | Max     | Hours     | Location |
